

DAYLIGHT DISORDERS ARE EXPERIENCED IN COLUMBUS FOR FIRST TIME SUNDAY

Barns Dynamited and Cars Attacked by Vicious Mobs Yesterday Morning and Afternoon---Much Promiscuous Shooting

CARS TAKEN TO BARN AT EARLY HOUR

Victim of Shooting Nearly Bleeds to Death on Street ---Woman Guards Husband With Two Big Revolvers--More Police Officers Refuse to Obey Orders--Former Newark Man, a Columbus Officer Injured in Riot Saturday Night.

Columbus, Aug. 15.—On the advice of merchants and prominent citizens and officials Mayor Marshall today refused to instruct the railway company to discontinue its car service on those lines which have been the scenes of the most serious strike rioting. Following the riots of yesterday and last night many persons advised Mayor Marshall to prohibit service after dark on the lines on which trouble nightly occurs, but the mayor is determined to follow the course he has been pursuing and call for the troops again if it becomes necessary.

INJURED YESTERDAY.

Emmett F. Hoover, shot in right leg; at home, 876 Dennison Avenue.

Mrs. Alpha Bowles, hand, shoulder and face cut by brick; taken home, 747 Columbus Street.

W. P. Miller, conductor, head and body bruised by stones; at Mt. Carmel Hospital.

H. L. Carl, conductor, rib broken, head contused; treated at Merritt Street barns.

C. W. James, motorman, left arm bruised by brick; treated at Merritt Street barns.

J. D. Tuers, conductor, scalp and right leg injured by stones.

N. H. Brunst, conductor, scalp wound.

Jacob Wamslee, cut on head by brick; St. Anthony's Hospital.

Unidentified man, shot in heel.

For the first time in the three weeks of the street car strike, the police were forced yesterday to cope with daylight mobs. Rioting broke loose at 3:30 p. m. in the North and South portions of the city and soon spread in every direction.

Eighteen arrests in connection with the strike were made, nine persons were injured and 25 reports of disturbances were received at the city prison.

The most serious disturbances were attempts to blow up the South and West barns; two riots which occurred in the afternoon near Schiller Park, and a riot at night in Mt. Vernon Avenue.

Had not street cars been taken to the barns earlier in the night than usual, last night's disturbances would have exceeded in number any of any previous night of the strike. The majority of arrests were for loitering. None was for stone-throwing.

Stones were, however, thrown throughout the afternoon and night. Occasional cases were reported to the police early in the morning.

Cars were held up by mobs in nearly every section of the city.

General Manager Stewart, of the company, intimated that John F. Brady, accused of shooting women on the West Side, would surrender early this week.

President Preitzman of the chamber of commerce, and others questioned by Mayor Marshall, advised against the discontinuance of street car service nights. They said such action would encourage rioters to greater depredations.

Adjutant General Weybrecht hurried here from Cleveland to be prepared for a sudden call for troops but none came. Governor Harmon said he would not bring soldiers here again until Mayor Marshall requested them.

Although many complaints have been received by Governor Harmon against Mayor Marshall's course in

handling the situation, no formal charge demanding his removal had been filed yesterday, and in the absence of this the governor refused to discuss the subject.

The list of mutineers in the Columbus police force was increased from 56 to 64, when eight more special policemen turned in their badges and refused to ride on cars. Their resignations were accepted without protest.

None of the regular force refused yesterday to ride on cars. The latest mutineers are:

DAVID L. ROBERT,
CHARLES COFER,
EDWARD CORREL,
JESSE CROWN,
FRANK HERMAN,
HOWARD S. TAGGERT,
N. B. WILSON,
WILLIAM WALLACE.

Police rode on cars yesterday as long as they were operated. Most of the cars carried two. They were unable to cope in the majority of instances, with the crowds that assailed them.

Bomb Damages Barn.

With a deafening roar and a detonation that shook houses a mile away, an explosive said to have been a dynamite bomb, alleged to have been thrown from a roof or window near by, exploded on the roof of the South High street car barns at 9:55 last night and did damage estimated at \$200. Windows in houses in the neighborhood and in the barns were broken and a hole more than two feet across was torn in the roof in the rear of the shed within a foot of the highest portion of the building.

One arrest grew out of the explosion. John Gibson, rail-light motorman, was arrested by Officers Sells and Newland on the statements

of bystanders, who said that he thrust a revolver in their faces a few minutes after the explosion. He was locked up.

Suspicious Circumstance.

Company men say that immediately after the explosion they saw a second-story window in a neighboring house lowered after a man had hurriedly gotten inside.

Joe Ryan, who has a restaurant at Beck and High streets, told the police that a stranger had left his restaurant after threatening to blow up the barns.

Investigated by Carter.

No policemen were on hand when the explosion occurred, but three auto loads, with Chief Carter, arrived immediately after. The chief made a thorough investigation.

A third attempt was made yesterday to dynamite the West Broad street barns yesterday. At 11 a. m. an explosion occurred which ripped up boards along the side of the building and frightened persons in that vicinity.

Chief of Police Carter and a detail of officers rushed in an automobile to the barns, where they made an investigation. They found the damage small. Police who later visited the scene were of the opinion that the explosive was set off from inside the barn.

Dynamite Spiked Away.

Fifty sticks of dynamite are said to have been found in the woods in the rear of the end of Sullivan avenue by a small son of George Kimberly, 1629 Sullivan avenue, yesterday morning. When Kimberly went to the spot with his son they were just in time to see a man running away through the trees. The supposed dynamite had been removed. The boy had no means of knowing whether the stuff was dynamite, but from his description Kimberly and the police believe that it really was an explosive.

M. V. Mitchell, 933 South High street, found a stick of dynamite on the tracks in front of his home at 8 o'clock last night. He carried it into the house and later turned it over to the police.

Mayor Marshall sought the advice of business and professional men yesterday about the advisability of taking cars off the lines at dusk and the unanimous recommendations were against such action. The mayor's close personal friend, Attorney Lowry Sater, and Charles J. Preitzman, president of the chamber of commerce, were closeted with the

of bystanders, who said that he thrust a revolver in their faces a few minutes after the explosion. He was locked up.

BULLET LOCATED IN NECK OF NEW YORK CITY'S MAYOR

New York, Aug. 15.—Great interest is being taken in the recovery of Mayor Gaynor, who was shot Aug. 9 by James J. Gallagher, a discharged city employee. The surgeons have located the bullet by the use of the X rays. It entered just behind the angle of the right jaw. In all probability it struck the jawbone, for it followed a peculiar course, glancing

upward and perhaps slightly backward, lodging just behind the vault at the pharynx, where it is readily accessible. It can be stated positively now that the bullet did not split in two, as previously reported, but it is somewhat deformed as a result of contact with the jawbone. The diagram shows the exact location of the bullet.

In an unfrequented spot grain wreckers had rolled heavy boulders across the rails. Noon flagged the approaching train with a bandana handkerchief in the nick of time. The boulders were placed on a dangerous curve.

LABORERS STRUCK BY TRAVELING CRANE

Portsmouth, Aug. 15.—James Collins and Thomas Evans, laborers, were dangerously hurt at the plant of the Portsmouth Steel Mill this morning when they were struck by a traveling crane. It is believed that Collins will die.

SILVERTHORN

Painesville, O., Aug. 15.—W. H. Silverthorn died Saturday at his estate, Old Orchard, three miles west of Painesville, following an illness with acute liver trouble since May 19. He was sixty years of age and is survived by his wife and one daughter, Mrs. Edith Odell. He was president of the Railway Steel Spring company of New York and a director and stockholder in numerous other large corporations.

WARSHIP SANK.

London, Aug. 15.—The Turkish warship *Mansure* sank today in a storm off the Turkish coast, according to a dispatch from London. No details of loss of the crew have been received.

DR. CRIPPEN GLAD HE'S GOING BACK

London, Aug. 15.—I am glad and relieved to hear that you are going back to the hospital by August 25. Secretary Adamson said that as soon as the mayor can be moved he will be hurried to the Adirondacks, where he can have quiet and bracing air to aid in his complete recovery. One of the doctors in the case expressed the belief this afternoon that the mayor would be back at his desk within six weeks.

ANOTHER POST OFFICE ROBBED

Akron, Aug. 15.—Authorities in Wayne, Ohio, and Medina counties, Pa., are holding toll for vengeance who have open the safe of the postoffice at Buckstown early today. The robbers secured only about \$10 worth of stamps, a watch and chain, and \$5 in gold.

GOV. HARMON TAKES STRIKE SITUATION OUT OF MARSHALL'S HANDS

Orders 600 State Troops to Columbus at Once---They Will Not be Handicapped by Being Under Mayor's Control

BUCKSHOT CARTRIDGES ARE PROVIDED

The Governor Takes Entire Responsibility for Ordering Troops Back to Columbus---Major General John C. Speaks Took Command at Noon Today.

Columbus, O., Aug. 15.—Governor Harmon shortly before noon today took the strike situation in his own hands, and without consulting Mayor Marshall, ordered state troops back to Columbus. The governor's orders to Adjutant General Weybrecht were to call the First Infantry from Cincinnati, Troop B Cavalry, Battery C Field Artillery, and the Ambulance Company, the three latter being Columbus organizations. The Columbus troops will go on duty immediately.

The First Regiment is expected to arrive from Cincinnati about 6 o'clock this evening. All will be on duty tonight.

Adjutant General Weybrecht stated that the troops called out will not number more than 600, but that it is the intention of the state to call a sufficient number of companies from the Third Regiment under Col. H. G. Catrow to bring the total number of troops up to 1,000. This will necessitate calling seven or eight companies from the Third. Brigadier General John C. Speaks, commanding the Second Brigade, was ordered on duty tonight to take command of all the troops when they arrive.

Gov. Harmon takes entire responsibility for calling the troops back to Columbus. When he issued the call he made it plain that he had done so without any request from Mayor Marshall.

The governor, it is known, has no fault to find with the way Mayor Marshall has endeavored to preserve the peace. He felt that the mayor had done everything in his power, but that with mutiny in the police department he did not have a sufficient force at his command to cope with the situation.

The calling of troops without a request from the mayor indicates that the militia will endeavor to put down rioting without taking orders from Mayor Marshall and the police department.

All soldiers on strike duty in Columbus this time will be provided with riot cartridges, which are loaded with buckshot and which, instead of injuring just one person, as an ordinary cartridge does, are guaranteed to hit from ten to fifteen.

It was made clear by the military authorities this afternoon that the soldiers who are coming will not manhandle or scuffle with any person whom they try to arrest. "The soldiers' orders," said one of the military authorities, "are to shoot to kill if they find any person or persons are resisting arrest. We want that made plain. It may be the means of saving lives. A soldier will not scuffle with a man like a policeman will. Citizens must understand they will be killed if they attack or attempt to resist a soldier."

GAYNOR GROWS LOST LIFE WHILE BETTER EVERY DAY WARNING OTHERS

Hoboken, N. J., Aug. 15.—The condition of Mayor Gaynor of New York was declared by his physicians today to be excellent. While it is agreed that he is not yet out of danger, the doctors are now willing to state privately that they expect an uninterrupted recovery. The mayor slept exceedingly well last night.

It was stated at noon that if the present improvement in Mayor Gaynor's condition continues he will be able to leave the hospital by August 25. Secretary Adamson said that as soon as the mayor can be moved he will be hurried to the Adirondacks, where he can have quiet and bracing air to aid in his complete recovery. One of the doctors in the case expressed the belief this afternoon that the mayor would be back at his desk within six weeks.

Arling City may not be exactly dire, but most of the girls' bathing suits are.

It costs New York City \$12 for wages in condemning one cemetery, valued at \$35.

There are mighty few obstacles in the way of the man who has a natural tendency to make a fool of himself.

El Paso, Aug. 15.—W. E. Robinson, mayor of El Paso, lost his life yesterday while endeavoring to warn a number of firemen of imminent danger from a tottering wall. At the same time Todd Ware, a fireman, was instantly killed and William Robinson and Dave Sullivan, also firemen, were injured, the latter perhaps fatally.

The fire had burned for nearly seven hours and the unsafe condition of the walls so impressed Mayor Robinson that he left the sidewalk and approached the building to instruct the fireman to cease further work.

As he approached the building a large portion of the brick wall fell, crushing Robinson and Ware and knocking the other men down. Mrs. Robinson witnessed the accident from the sidewalk.

Conservative estimates place the loss of the fire at \$225,000. All losses are covered by insurance.

WHAT IS IT?

What small animal?
Answer to Saturday's puzzle.—Zinc

Miss Elizabeth Whaley will entertain with a house party this week at her home on East Mulberry street. Her guests will be Miss Helen Mar- tha and Mary Sherwood Wright of Newark—Lancaster Eagle.

Miss Mary Haynes of Central avenue gave a chamber party Thursday evening honoring her guests, Misses Hazel Elliott and Frances Maurer of Indianapolis, Ind. Besides these young ladies others in the party were Misses Louise Africa, Mary Jones and Anna Haynes.

These same young people were entertained with a chamber party Friday evening by Miss Louise Africa of Granville street.

Miss Marjorie Vance of Delaware, Ohio, was the guest of honor at a prettily appointed dinner which Miss Emma Sparks of North Fifth street gave on Friday evening. Covers were spread for Miss Vance, Misses Kate Sparks, Pearl Moore, Kathryn Vance, Emma Sparks and Mrs. Virgil Sparks of Oklahoma City.

Miss Maud Pratt of At-dover street was hostess at a delightful porch party Saturday afternoon out of compliment to Mrs. Hutchins of Mr. Pleasant, Pa. The guests were Mrs. Will McClary, Mrs. William Black and son, William, Misses Elsa and Grace Davis, Martha and Sophia Flurschultz, Mabel Fugh.

Miss Isabel Somers of North First street will entertain the Delta Zeta's at her home this evening out of compliment to Miss Helen Kissane of Mansfield, Ohio.

Misses Ethel Haines, Mary Jones, Anna Haines, Hazel Elliott, Louise Africa, and Frances Maurer of Indianapolis, chaperoned by Mrs. Will Haines, enjoyed a bacon bat at Picnic Lock on Friday morning.

Miss Lydia King of the Sharon Valley entertained with a porch party Saturday afternoon, honoring Miss Oona Long of Monroe, N. C. The hours were spent informally and a dainty repast served at the close of the afternoon.

Miss King's guests were Miss Long, Mrs. George Hill, Mrs. Klem Keller, Miss Sam Bennett, Misses Margaret, Jane and Sara Bennett, Valeria Pickering, Mary Elizabeth Bennett, Martha Harshorn, Mary and Elizabeth Owen, Sara Walker, Frances Stevens and Bertha Mora.

Miss Narcissa D. Wells of Columbia street on last Thursday quietly celebrated the eightieth anniversary of her birth and in remembrance of the day her friends showered her with 125 beautiful post cards. Miss Wells was born in this county and has lived all her life here, forty years of which have been spent in Newark.

Mrs. August T. Wehrle and mother, Mrs. F. Buckel, are entertaining the following Cincinnati young ladies at Buckeye Lake Park this week, Misses Laura Wenning, Marguerite Bhold, Theresa Finn, Cora Nanley, Hilda Ratterman and Fannie Roberts.

A most pleasant function was the "500" party given Thursday evening by Misses Mae and Elizabeth Helbig of Zane street, out of compliment to their guest, Miss Katherine Dittmar of New Philadelphia. The rooms

were decorated in golden glow, the scheme being yellow and white. The first prize was awarded to Miss Mae Abel and the visitor's prize to Miss Mae Kammner of Newark. Following the contests a delicious luncheon was served.—Zanesville Times Recorder.

MELICK—MONETT.
Wallace B. Melick, a well known plumber in the employ of Dick & Reinhold, and Miss Rosa Fay Monett, the accomplished daughter of Mr. and Mrs. J. W. Monett of West Main street, this city, were united in marriage Saturday evening at the M. E. parsonage in Baltimore. After a few days' visit with relatives in the state, the couple will return to Newark and take up their residence at the home of the groom's parents, 61 West Church street. They have the best wishes of many friends.

MACHINISTS STRIKE NOT SETTLED YET

The rumor circulated on the streets of Newark Monday that steps were being taken looking to a settlement of the strike of the Baltimore & Ohio railroad machinists, which has been in force for some months, created much comment. An Advocate reporter called on Master Mechanic Kirkpatrick at the B. & O. shops and asked for a confirmation of the rumor. Mr. Kirkpatrick said that he had heard the rumor, but that as far as he knew there was nothing in the report. It was reported that several of the head officers of the machinists' organization had been called to Baltimore to confer with the officials of the company there. While nothing definite can be obtained, it is hoped that a settlement will be quickly effected.

POLICE HUNT FOR WOMAN'S MURDERER

Catlettsburg, Ky., Aug. 15.—The police of Catlettsburg and Huntington, W. Va., Monday were searching both banks of the Ohio river between the two cities in an effort to find the spot where Mrs. Henry Hall was murdered. Her body was found near Catlettsburg, in the Ohio river, a few days ago, and because a long rope was tied about it, murder was suspected.

Elbert Artis, who was found with money Mrs. Hall is known to have had before her death, is under arrest, but after grilling by the police, makes no admission in connection with the case. He claims that Mrs. Hall gave him the money.

The police charge that Mrs. Hall was strangled to death and her body thrown into the river.

BIG FIRE SWEEPS BIG BELGIAN EXPO.

Brussels, Aug. 15.—Fire swept the great Belgian exposition last night. The flames were driven by a high wind and soon destroyed the Belgian, English and French sections. The whole exposition was practically destroyed. Two are dead and 30 injured.

Vacation Treasures.

Vacation with its alluring visions of rest or frolic has come to many a weary worker. Trunks are packed, work and care are left behind. The week, or two weeks or month ahead, are expected to yield—what? In anticipation, what has been packed into this vacation time which, when the golden days arrive, will be taken out as something most precious and rare? Fun? Rest? Travel? Friendship?

Most girls, especially girls who work hard the year through and have only one short week of vacation, look forward simply to fun. They want to have a good time. The harvest of pleasure of this one week expresses often their hopes and longings of their entire year.

But, whether the vacation is one week, or many, certain things should it yield. If a girl will so plan that it shall yield her these things, the joy of it will go with her through the year.

A good time she should have, whatever form a good time may take with her—dancing, traveling, outdoor life, whatever it may be. But she should so apportion this that it should not fill all her time. It should be a part but not all of her vacation.

She should allow sometime for rest and recuperation, especially if she is a business girl. A long, hard winter is ahead. She should so plan that she comes to it refreshed, and with the health and energy that will carry her through it successfully. She will enjoy her work then; it will not be a drag. This is a vacation treasure worth gathering.

She should bring back, if possible, a greater appreciation of nature, whether she has spent her holiday in the mountains, by the sea, or traveling. If she does this, she is laying up for herself a means of future enjoyment. For nature, she has always about her, in one form or another, and to learn to see the sunset, or to enjoy a walk down some country road bordered with wild flowers, puts within her possession for all time an avenue to pleasure.

She should bring back from her vacation a keener ambition for her work, a desire to do more and to be more in the year ahead than in the year that has gone. Her vacation should give her a keen relish for work, and if she is doing her right work, and has had the right sort of vacation, it will.

But the greatest treasure of all she should bring back from her vacation is a broadened outlook. The people she has met, the places she has seen, all should have opened her mind, widened her interests, so that life is fuller, and means more, than it did before she went away.

All of these treasures can be gathered on one's vacation, whether it is a week long or a month long. If a girl will plan it right. And they will brighten all the year that follows. So that vacation, after all, is not a matter of one week or two, but of fifty-two. If a girl will gather these treasures to pack in her home-returning trunk.

Raspberry Granite
Coffee

Recipes for Aug. 16, 1910.

Pineapple Drink—Pare and remove the eyes from a large, ripe pineapple; then grate it and add the strained juice of four lemons. Make a syrup by boiling four cupsful of sugar and two cupsful of water for eight minutes; add grated pineapple and juice. When cold add one quart of water. Chill thoroughly before serving.
Raspberry Granite—Take three pints of raspberries, one cupful of sugar, one cupful of water and the juice of one lemon. Boil the sugar and water together for five minutes, take from the fire, add the strained juice of the raspberries and lemon. When cold pack in a freezer and set away without working. At the end of an hour scrape the sides of the freezer can with a long flexible knife, mixing what has frozen with the rest of the more liquid portion; do not beat it, as it should be coarse and creamy with icy particles through it. Close and set aside again, opening and mixing it in this manner three times in as many hours. At the end of that time stir in a pint of the whole fruit and serve.

Flora Concert Co. will give an entertainment at the 1st M. E. church August 10th, 8 p. m. Admission 15 and 25c. Please notice change in date. 15-1t

IN JOHNSTOWN

Mr. and Mrs. John H. Jackson Married 50 Years Ago—Golden Wedding Celebrated.

Columbus, O., Aug. 15.—The golden wedding anniversary of Mr. and Mrs. John Henry Jackson was observed Saturday at their home, 241 East Oakland avenue. They entertained a company of 30 relatives and friends.

Mr. and Mrs. Jackson have lived in Columbus for 20 years and formerly resided in Worthington. They have two children, H. P. Jackson and Miss Frances L. Jackson, and three grandchildren, Lida Jackson Beatty, Sarah and Arthur Jackson. Mrs. Jackson before her marriage was Miss Sarah French. The marriage was celebrated in Johnstown, Ohio. For the reception Saturday the home was decorated with golden-glow.

Sheep and lambs: receipts 22 double decks; market slow. Wethers \$4 15 1/2 20; lambs \$4 00 1/2 20.

KALER WON HIS FIRST.

Crum Kaler, former Newark pitcher, sold to Cleveland by Columbus, pitched and won his first game for Cleveland when he defeated Washington. He was batted hard, Washington getting ten hits, but he kept them scattered. He also got a hit.

SHOULD WIVES BE GIVEN ALLOWANCE?

Friends of Mr. A. L. Norton have been calling at the Norton book store in the Arcade today to congratulate him upon his contribution to McCall's Magazine for September. The Advocate on Saturday reproduced the article, "Should Wives Have An Allowance?"

Many, while contending that Mr. Norton is not qualified to discuss the topic because of the fact that he is still in the bachelor ranks, admit that he has hit the nail squarely on the head, and they further observe that this magazine article has surely improved Mr. Norton's matrimonial chances. The article holds that every wife should have an allowance.

This means that the Mrs. Norton-to-be will have plenty of spending money of her own, and that's a consideration, to say the least. The Advocate may be pardoned, however, for saying that Mr. Norton didn't need the help of any magazine to put up his individual chances.

On the hottest day a man will walk farthest to look at a thermometer.

OHIO ELECTRIC CONDUCTOR FALLS AND BREAKS LEG

As a result of an altercation over a mileage book in Zanesville Saturday afternoon between John Bauer of that city and Conductor Clyde Marshall of the Ohio Electric railroad, the men came to blows and in some manner Marshall slipped and fell, fracturing one of his legs. Mr. Marshall's home is in Newark.

DOGS FOLLOW TRAIL OF FIRE BUG

Cambridge, O., Aug. 15.—A big barn on the farm of Frank Giv, near Dexter City, was destroyed by fire Sunday morning with all its contents. The loss will reach \$300. The fire is supposed to be of incendiary origin. Bloodhounds were called from Byesville and they followed the trail to a Dexter City home, but the house was found closed with the window blinds down. Affidavits for an arrest are expected during the day.

HIXON AND MERZ RECALLED.
Announcement was made today that Pitchers Hixon and Merz, the mainstays of the Newark pitching staff, had been recalled by Manager Watkins and will leave tonight or tomorrow for Indianapolis. To take their places, Grover Goshorn, formerly with Newark, has been re-signed, and Owner Watkins has sent Braden, a crack pitcher, to help the balance of the season.

ANOTHER EDDIE FOY SONG.
"Up and Down Broadway," with Eddie Foy, Shubert's show, at the Casino, in New York, is holding the crowd this summer. Eddie Foy's best song has been given the New York Sunday World, and will be distributed by that big newspaper, words and music complete, next Sunday. Watch for it. It is great.

Uncle Tom's Cabin complete at Grand tonight. 1t

KILLED FOR REVENGE.
Tiflis, Aug. 15.—Agamanoff, condemned to death for treachery by the central committee of the Russian revolutionary party.

This note, found on a table today in the apartment of the supposed murderers of Dr. Agamanoff, is the only clue the police have to the identity of the man and woman who are believed to have killed the doctor. It proves to the satisfaction of the police that the murder was an act of revenge by the revolutionary party.

MRS. FRANKLIN CRITICALLY ILL

Mrs. Benjamin Franklin, widow of the late Benjamin Franklin, is very critically ill of malignant cancer in Cleveland and all hope for her recovery has been abandoned by the attending surgeons. Mrs. Franklin was taken ill last April and her illness was found to have been caused by cancer of the most malignant type.

She was taken to a hospital and two operations were performed without giving permanent relief. Lately her condition has been such that she was removed from the hospital to the home of a daughter, Mrs. H. H. Griggs, and two other daughters, Mrs. Channing Thompson and Mrs. Harry P. Scott of this city, have been summoned to her bedside.

The supreme court of Pretoria, Transvaal, refused admission to a white woman to practice, but has now granted this privilege to a Kaffir man, which is unprecedented.

Long hair in a man is no more a mark of genius than short hair in a woman.

WOMEN OF MIDDLE AGE

Need Lydia E. Pinkham's Vegetable Compound

Brookfield, Mo.—"Two years ago I was unable to do any kind of work and only weighed 118 pounds. My trouble dates back to the time that women may expect nature to bring on them the Change of Life. I got a bottle of Lydia E. Pinkham's Vegetable Compound and it made me feel much better, and I have continued its use. I am now enjoying."—Mrs. SARAH LOSTENON, 414 S. Livingston Street, Brookfield, Mo.

The Change of Life is the most critical period of a woman's existence, and neglect of health at this time invites disease and pain.

Women everywhere should remember that there is no other remedy known to medicine that will so successfully carry women through this trying period as Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs.

For 30 years it has been curing women from the worst forms of female ills—inflammation, ulceration, displacements, fibroid tumors, irregularities, periodic pains, backache, and nervous prostration.

If you would like special advice about your case write a confidential letter to Mrs. Pinkham, at Lynn, Mass. Her advice is free, and always helpful.

ELOPERS ARE IN PROBATE COURT TODAY

Floyd Goode, the nineteen-year-old son of G. W. and Viola Goode, and Tessie L. Fausnaugh, the fifteen-year-old daughter of W. S. Fausnaugh of Elma, who eloped on Tuesday of last week to Newport, Ky., where they were married by the Rev. Richard Bevan, were before the Probate court this city Monday morning. Saturday Mr. Fausnaugh and his wife came down to Newark from their home in Elma and filed proceedings in the Juvenile court against Floyd Goode, charging him with contributing to the delinquency of their daughter, Tessie, in eloping with her and marrying her when she was still under the age of 16. Saturday Probation Officer James Sheridan learned that the young couple were at the home of Mrs. Lizzie Nutt at Lewis Center, Delaware county. Mr. Sheridan telephoned the chief of police at Delaware, asking him to bring the couple to Newark and hold them until he arrived. When Mr. Sheridan arrived in Delaware at 8 o'clock Saturday evening he found the couple at the city building in charge of the chief of police and brought Goode to Newark, leaving the daughter with her father in Columbus.

In the Juvenile court Monday morning the groom was required to enter into a recognizance in the sum of \$100 for his appearance in court at the September term of court, his parents going on his bond. The bride will be 16 years old on the 17th of September, and it is understood that the parents of the groom are willing to take them in and keep them until that time when the marriage will be legalized. In the meantime the case was continued in the Juvenile court until the 19th of September.

While in Delaware, just before leaving for Newark, the bride was asked to tell the story of the alleged kidnapping to which she replied, "There was no kidnapping about it. I went with him because I loved him. If they send him to the penitentiary I will wait for him till he gets out."

OBITUARY

CHARLES WARTHAN.
Charles Rollin Warthan, aged 4 years, the son of Mr. and Mrs. Charles Warthan of St. Louisville, died at the City Hospital Sunday afternoon at 2:15 o'clock, after a brief illness of peritonitis. The child was seized with an attack of appendicitis, which developed later into peritonitis. He was brought to the hospital Sunday morning at 10 o'clock, and was operated upon, death following in the afternoon. No funeral arrangements have been made.

GUY P. STEVENS.
Guy Humphrey Stevens, aged 21 years, a son of Mr. and Mrs. Smith Stevens, residing southeast of the city, died Sunday afternoon at 2 o'clock, after a week's illness of spinal trouble. His death was unexpected. The young man is survived by his parents, a brother, Fred, and a sister, May. The funeral services will be held Wednesday morning at the home, Rev. Bowden of Hanover in charge. Burial will take place at Cedar Hill cemetery.

MRS. CARL RITTER.
Word was received here from Canal Winchester, O., of the death of Mrs. Grace Bessie Ritter, wife of Mr. Carl Ritter, son of Mr. George Ritter of the Lisey commission house, of this city, which occurred in that city on Saturday evening, August 13, at 7:30 o'clock, age 20 years. The remains will be brought to Newark Tuesday morning on the 9:50 Pan Handle train, and will at once be taken to Cedar Hill cemetery, where the interment will be made.

SADI PETROFF.
The funeral of Sadi Petroff, the Bulgarian who was instantly killed Saturday in Rock Cut, near Hanover, was held at the St. Francis de Sales church Monday morning at 9:30 o'clock, the services being conducted by Rev. B. M. O'Boylan, and the interment was made in Mt. Calvary cemetery. About 40 of the dead man's countrymen met at Criss Bros. undertaking establishment, where the body of Petroff lay, and went in backs to the church, headed by C. F. Deneff, who takes charge of all the funerals of his countrymen. While at Criss Bros. Photographer Hennepson took a picture of the dead man, which will be sent to the widow and children in the old country.

COURT NEWS

Injunction Proceedings.
Ellis Jones and J. A. Flory, executors of the last will and testament of Abraham Flory, deceased, of this city, commenced proceedings against John Bair and Barbara Bair to restrain them from encroaching on their property adjoining the Racoon creek.

Suit to Enjoin.
John Arnold and others have commenced proceedings against Joseph Osburn, George Peters and Viola Williams as trustees of Lima township; John Friend as clerk of Lima township and Elias Williams as treasurer of Lima township, to restrain them from paying \$1330.98 to the county commissioners.

The above sum is the township's share, one-fourth of the cost of constructing the second section of the Lima township pike. They allege that the first section was constructed with state aid and according to law, and

DOVER BROUGHT BACK TO NEWARK

Chief of Police Hindel went to Cochocton, Saturday, to bring Art Dover back to Newark where he is wanted in connection with the Litching. Dover was apprehended in Cochocton and Chief Hindel went to that city Saturday where he nabbed his man. Dover was taken to the county jail and locked up. As has been the case in most of the previous arrests Dover was charged with first degree murder. One, in whom the police want for being mixed up in the lynching has not yet been captured, although Chief Hindel and Officer Burke made an effort to land him Saturday. The man was thought to be in the vicinity of Homer and the police drove there accompanied by the marshal of Utah, but the man wanted could not be found.

COLUMBUS RIOTS.

The present disorder in Columbus resulting from the street car strike over recognition of the union, recalls a provision of the Kibler-Pugh municipal code which was prepared and recommended to the legislature by Hon. Edward Kibler and Judge Pugh ten years ago.

The proposed code provided in case any public corporation (street railway, electric, telephone companies, etc.) could not for any reason give the service demanded by the public and required under the terms of the franchise, the city council could direct the city solicitor to ask the court to appoint a receiver and the receiver should take charge of the property and operate it under direction of the court pending adjustment of affairs that would permit the company itself to give the service required in other words the proposed code was to protect the public, making good service paramount.

Under such a law all parties concerned would strain every point to adjust all differences rather than have a receiver appointed and the public at large which is not interested in disputes between employer and employee would get what it wants—good public service.

It is not out of place now in this hour of Columbus' trouble to call attention to the suggestion made by a Newark man ten years ago.

The present rioting, loss of property and injury of people is causing a heavy loss to all parties concerned and to the state itself. The worst sufferer is the innocent party to the controversy.

Without going into the merits of the case all can and will agree that some measure should be enacted to prevent if possible a similar condition elsewhere.

The thing to do now is to enforce the law, preserve order, arrest and punish every offender.

Criminal Negligence.

For a whole week the question has been asked by newspapers of the State why Columbus does not call for a special session of the grand jury. The prompt action and arrest in Newark are referred to as a commendable course for Columbus to follow. But no attention is paid to the motive and bloody rioting continues unchecked at the state capital. They runners go about that much of the disorder and the worst crimes have not been published, the news being suppressed.

Whether this is the case or not it is absolutely certain that Columbus is powerless to restore order and end the circumstances the failure to call a special session of the grand jury country grand jury certainly amounts to criminal negligence on the part of the city and county officials.

Marker Makes a Mark.

No wonder George W. Watkins wants a third term as member of the state board of public works.

James R. Marker, chief engineer of the board of public works appointed by Governor Harmon, finds by a little examination of the pay roll that a nephew of Watkins is holding two jobs in the department and drawing two salaries, a formership at \$85 per month and collector at \$75 per month. It is also found that Watkins has a brother on the pay roll at \$100 per month as a foreman of carpenters. Chief Engineer Marker also objected to some of the bills turned in by M. A. Karshner, the Columbus g. o. p. boss, who was given a fat snip on the State's pay roll by the board, which consists of Baldwin, who is serving his second term, Kirtley who is serving his third term, and Watkins who is a candidate for a third term.

It is also being claimed that a dredging crew took four months to do work that could be done in one week.

Just see what a Democratic chief engineer appointed by Governor Harmon has been able to dig up in a few weeks. The public would have heard nothing about those things if the board had gone on as it was up to the time Governor Harmon named Marker for chief engineer. And it is intimated that this isn't "a marker" to what Chief Engineer Marker expects to uncover because, he says, he

doesn't intend to be a figure head.

If the voters of Ohio had thought far enough to defeat Kirtley and Harmon two years ago they might know a whole lot more about the canal system than they do today.

Why is it the voters could not see far enough to have elected the whole Democratic ticket with Governor Harmon two years ago? Instead of making the same mistake this year they should vote for Harmon and a clean sweep, including both branches of the legislature.

Harding Caters to Taft.

When Mr. Harding said at Cedar Point that the question in Ohio this fall is to be whether or not President Taft's administration shall have a market endorsement, and when he followed that up by rushing off to Beverly to consult the president because he wanted a campaign manager, he made a bid for administration support during the campaign, but at the same time, hurt himself with thousands of voters in his party.

The first proposition means that the rallying cry of the g. o. p. campaign in Ohio this fall will be that old, thread-bare, weather-worn and empty slogan, "stand by the president," raised for the purpose of distracting attention of Ohio voters if possible away from the more important fact that they have an administration of their own at home to stand by this time.

The second proposition means that Mr. Harding still clings to the exploded idea that the Republicans of Ohio must be governed by orders from Washington even though the campaign relates chiefly to state affairs and the state's welfare.

Suppose the people of Ohio permit Mr. Harding to go running for governor of Ohio as a mere figurehead for the administration at Washington and give their support to Judson Harmon, who is a real candidate for real governor of Ohio.

About Experience.

You remember how the g. o. p. harped about experience, in the campaign two years ago. Well, there is Tuesday, present lieutenant governor, who is a candidate for re-election. After the exhibition he made of himself before the Tippecanoe Club of Cleveland, when he reviled Governor Harmon in terms for which fair dealing

Tomorrow's Items of Interest

EMBROIDERIES AT 10c. 1200 yards of beautiful Embroideries, including our large showing of Edgings and Insertions up to nine inches wide, ranging in price from 10c to 50c. Very special tomorrow, yd. 10c	WASH GOODS AT 12 1-2c. Our entire assortment of 25c. Summer Wash Goods, consisting of Lawns, Organdies, Batistes, etc., in beautiful colorings and designs. Nothing withheld, everything marked in plain colors. Look at the price, then take a half off. That's the way we are selling them—just at HALF PRICE . NEW FALL VOILES. Our advance showing of New Fall Skirts is now one of the chief attractions in our Ready-to-Wear Department. Come in tomorrow and see them. A large range of styles and prices to select from.	

T. L. DAVIES

15 S. Third St.
Newark, Ohio.
Leader in Quality and Low Prices.

ing Republican papers deemed it a disgraceful duty at the time to apologize, one such "experience" is enough. There will be no such exhibitions of partisan spleen if Allee Pomerehne is elected lieutenant governor and given the chance to prove by experience what a lieutenant governor in Ohio should be.

TO IMITATE TOM JOHNSON

Report has it that Mr. Harding intends to do quite a bit of campaigning in his automobile.

Great Jehoshaphat! What will those g. o. p. editors do who had hysterics about Tom Johnson's "red devil" when Tom was a candidate for governor about seven years ago?

How these g. o. p. wilewaggers delight in ridiculing Democrats one year and how eagerly they imitate them a year or two after.

WILL HE DO IT AGAIN?

Mr. Harding jumped into his automobile and whizzed away to Beverly to see Taft about who should be named for chairman of the g. o. p. campaign committee.

There are dozens of Republicans in Ohio who are hoping with fear and

trembling that when a chairman is selected Mr. Taft will not write a letter to Hy Davis disclaiming responsibility for the selection.

EPICETUS.

(Ohio State Journal.)

The dispatches from New York relative to Mayor Gaynor's condition say he gets much consolation from his favorite philosopher, Epictetus. In the campaign last year the mayor is said to have shown a fondness for quoting this philosopher; and now that he is shot down, in his distress, he can practice the precepts of the old stoic, who taught that the perfect man would not display anger toward one who had done him a great wrong.

And this difficult philosophy the mayor is endeavoring to follow, and he might say, with Marcus Aurelius, that he had received great benefit from it. The motto of the Epictetian philosophy is "Bear and forbear," two words that open up a great outlook of joy. There is not a great deal of human nature in them, but it is human nature that philosophy is intended to improve. It would not be bold to say that there is no instance where this motto will not bring to one serene contemplation, if it is faithfully followed. But retaliation is so natural that Epictetus is pushed aside and kept aside by a clinched fist, pretty much every time.

"I have been somewhat covetous, but doubtless I have just the results desired. They act mildly and regulate the bowels,"—George J. Krause, 306 Walnut Ave., Altoona, Pa.

GOVERNORS OF WESTERN STATES WILL DISCUSS CONSERVATION AT SALT LAKE CITY

ACTING GOV. JAY BOWERMAN OF OREGON

GOV. WM. SPRY OF UTAH

GOV. M. E. HAY OF WASH.

GOV. B. B. BROOKS OF WYOMING

GOV. L. MORRIS OF MONT.

Salt Lake City, Aug. 15. The purpose of conferring on conservation of natural resources, particularly in the great forests of the northwest, the governors of several states will meet here Aug. 18 at the invitation of Governor M. E. Hay of Washington. The governors of Montana, Wyoming, Utah and Acting Governor Jay Bowerman of Oregon have promised to attend or send personal representatives to the gathering. In explaining his reasons for calling the convention, Governor Hay said sent out this statement: "We of the state of Washington have no quarrel with the principle of conservation, but we feel that it is high time to get down to a practical business basis in carrying out the principle."

We want conservation that will not hamper authority and retard development. There are the things that will be discussed at the conference and I hope that as a result of the meeting the west will be enabled to command a fairer consideration from the rest of the nation on this question." The entire nation is interested in the governor's conference, as it takes place just before the annual conservation congress at St. Paul, where former President Roosevelt

CAR STRIKE

(Continued from Page 1.)
city executive in police headquarters, and both counseled against discontinuance of car service at any time.

No encouragement to rioters. "If you find it impossible to operate the cars nights with your available patrolmen, call for the troops," they said. Others advised against lending encouragement to lawlessness element by yielding a single point.

The fund of \$2500 raised Saturday by the chamber of commerce, to pay deputy sheriffs, will be augmented today by popular subscriptions. A committee of the chamber will call upon business men and others interested in restoring order and ask for more money.

No peace meetings are scheduled for today. All efforts will be devoted to discussing plans to quell disturbances.

Mayor Marshall said last night that he had not considered the question of calling upon the governor for troops. He admitted that the situation was serious and that his police were too few in numbers to protect life and property properly. "I have called upon the citizens to help the police department preserve order, but have received no response," he said. "However, I will not call for troops at present."

Thirteen new deputies were enlisted yesterday by Sheriff Sartain, bringing the total number up to 25. The deputies were personally asked by the sheriff to serve. The majority of them are night watchmen from the different factories. Deputies under the sheriff worked in West Broad street Saturday night and their work was of high order. Crowds were kept moving and disturbances minimized.

The deputies are on duty from 6 p. m. to 12:30 a. m.

Shot for Crying "Scab."

His cry of "scab" brought to Emmet D. Hoover, aged 35, of 867 Dennison avenue, a bullet in the right leg that severed an artery and nearly cost him his life, at Spruce and Park streets, yesterday afternoon. Conductor W. H. Johnson was locked up at police headquarters after he had confessed the shooting.

As Pennsylvania car No. 403 was passing Spruce and Park streets at 4:30 yesterday afternoon a volley of rocks was thrown at the crew. At the same time a number of persons, Hoover among them, cried "scab." Johnson leaped from the car with a 38-calibre revolver, shooting as he ran. Hoover was struck in the calf of the right leg as he was running away.

Property Owners Take Hand. It was learned yesterday that decrease of violent outbreaks which marked the strike situation on the West Side Saturday night had its explanation, in part, in the concerted action of a number of property owners and well-known citizens. Piqued and grieved at the black reputation their section of the city was getting as the result of the numerous troubles, steps have been taken by citizens to hold possible trouble-makers in check by serving notice that names would be given police and affidavits filed.

Injured Men Not Dead. "There is absolutely no word of truth in such a report," said Dr. T. K. Wissinger yesterday, when apprised of a rumor that has been industriously circulated to the effect that many of the men imported to work on the cars had died of injuries received by them. Dr. Wissinger is surgeon for the company and has treated, or at least seen, practically all the cases of injury since the trouble began.

Struck by a Stone. Mrs. A. Bowles, 747 Columbus street, was knocked insensible by a stone thrown at her as she was riding on a Mt. Vernon avenue car at 6 o'clock yesterday afternoon. She was one of a lot of passengers on the car when a volley of rocks struck it at St. Clair avenue. A heavy stone struck her just above the right eye and she fell to the floor insensible.

The crew ran the car through the mob that gathered and took Mrs. Bowles to the office of the Columbus Railway and Light company, where her wounds were dressed. She did not wish to go to a hospital and was removed to her home.

Two thousand rioters at Mt. Vernon and St. Clair avenues were crowded after two hours of rioting last night only when patrolmen and detectives drew their revolvers and fired repeated volleys the men intentionally fired high and no one was hurt, but a wild scramble ensued to get out of range and the backbone of the riot was broken.

Special patrolmen on duty called for help and an automobile loaded with detectives was sent. The men soon found themselves unable to cope with the mob and five automobiles loaded with police were rushed to the trouble center. The mob stoned the officers, striking Detective Ollie Hamer on the hip but not causing any serious injury. The officers then began firing and the crowd was dispersed.

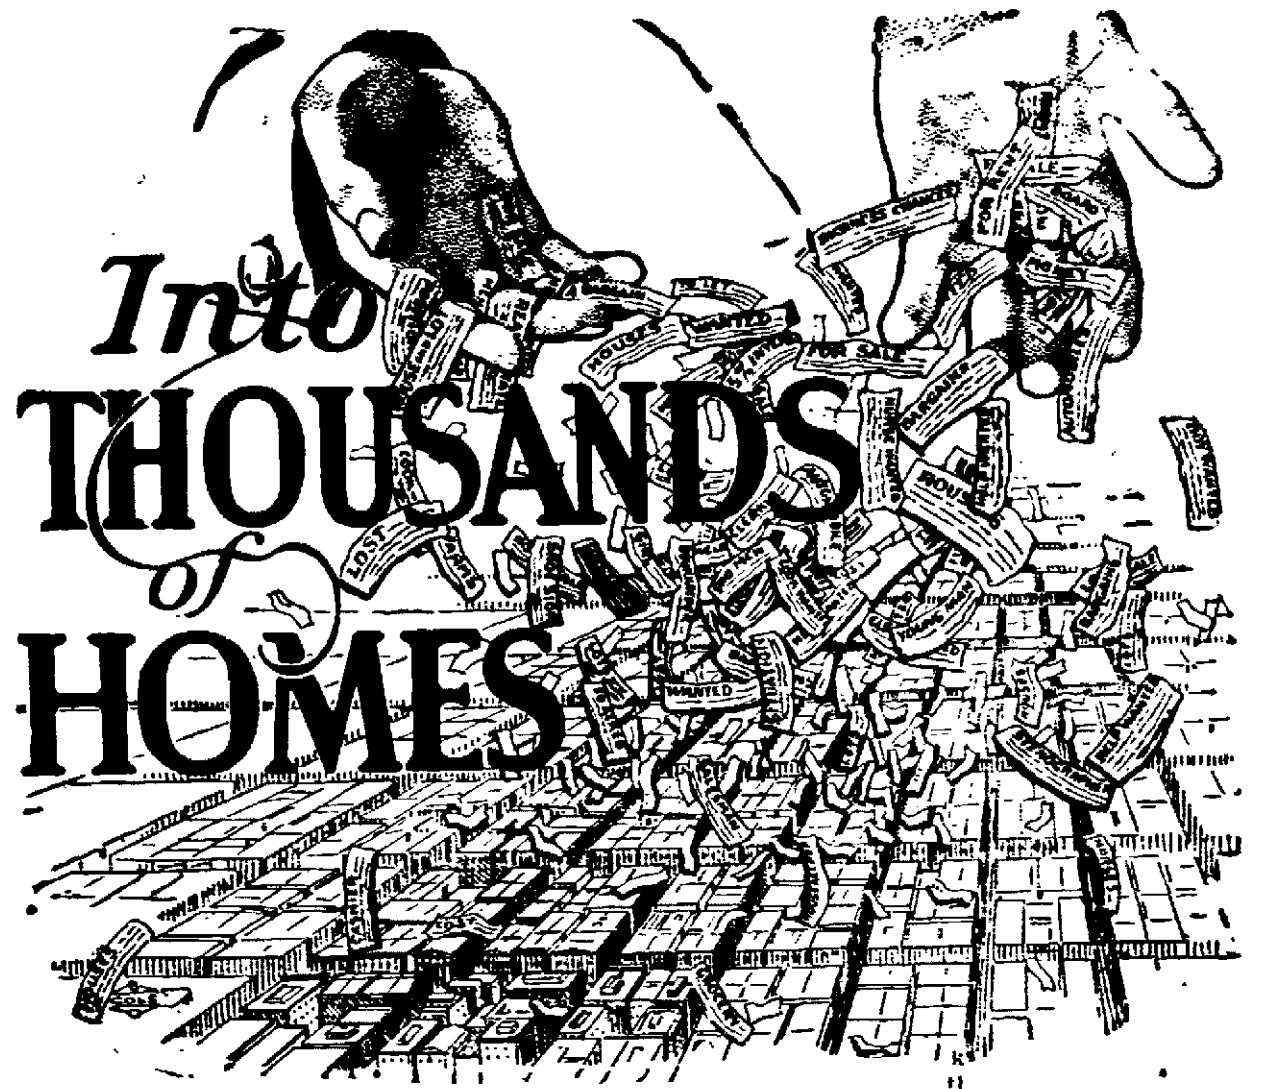

The street was littered with stones thrown by the mob. Windows and woodwork of half a dozen cars were shattered and car crews slightly injured by flying missiles.

Ten arrests were made by the police, nine for loitering and one for disorderly conduct.

Conductor Beaten. Crews of two Schiller street cars who began a fight when their cars collided at 4:30 yesterday afternoon soon had all the fighting they desired when a mob of 1200 men and boys joined in and beat W. P. Miller, the conductor.

Miller was the only member of the two crews caught. He was beaten about the head and body, and when the police arrived in automobiles was found lying insensible in the street. He was taken to Mr. Carmel Hospital, where his wounds were dressed. One arrest was made

THE LITTLE LINERS OF THE ADVOCATE CLASSIFIED COLUMNS FIND THEIR WAY

The number constantly increases. The volume of classified advertising constantly grows. There's a reason.

at this point, that of Joe Love, who refused to move on when Patrolmen Morgan and S. S. Newport told him to. He was charged with loitering.

Car Men in Fight. It may have been something in the music that the crowd at Schiller Park heard yesterday afternoon that stirred up the martial spirit of members for the afternoon concert was scarcely over before trouble started at Reinhard avenue and Jaeger street.

Cars 576 and 567 were following each other north in Jaeger street, when Motorman L. P. Evans was struck by flying rocks and knocked helpless. The car was stopped and held back car 567, under charge of conductor O. L. Carlisle and Motorman L. S. Duvall, who at once received attention. Motorman Duvall was pelted with rocks and finally tumbled from his car into a nearby yard, where he lay until removed to Mt. Carmel Hospital.

Carlisle was struck in the ribs by flying rocks and the tenth rib was broken. He calmly continued to work and afterward went to the Merritt street barn, where his condition was said not to be serious. C. W. James, a motorman, was cut on the arm by a brick.

Night Cars Withdrawn. Many cars were withdrawn from the Mt. Vernon and Leonard avenue and West Broad street lines shortly after 8 o'clock last evening, under order of General Manager Stewart of the railway. He said they were taken off because sufficient police to ride on them were not available. Regular service would be given the public, Manager Stewart said, so long as the cars were afforded sufficient police protection.

Woman Faces Mob. An East Broad street woman, prominent in society and noted for her hospitality, gave a display of bravery when menaced by a mob at Long street and Garfield avenue, yesterday afternoon, which should have brought blushes of shame to the cheeks of a car crew which was backing its car away from her and the rioters, and also ward off an attack.

An obstruction was placed on the track, and when the motorman alighted to take it off, a shower of stones greeted him. Many crashed through the car and passengers fled, the woman among them. She was the last to leave, and as the car backed away from the obstruction, the woman stood alone facing the rioters. She was called "a scab," but she only smiled. Threats of violence did not cause her to lose her self-control.

Woman Guards Car. Mrs. Anna Gallagher, said to be a street car guard, and her husband, John J. Gallagher, non-union motorman, were arrested by the police yesterday afternoon, after it was reported the two terrorized people along Leonard avenue by discharge.

Injured Saturday. George W. Wilson, motorman, scalp cut, right leg cut and bruised; Mt. Carmel hospital. Jacob Mossman, motorman, right eye seriously injured, head cut; St. Anthony's Hospital. Charles H. Davis, patrolman, cut in head; treated at city prison. T. J. Martin, conductor, cut in head by brick; Mt. Carmel Hospital. E. J. Cameron, motorman, ear partly torn from head; Mt. Carmel Hospital.

Charles Hoover, chauffeur, ankle bruised by brick. James Carroll, special patrolman, finger mashed by fall; treated at city prison. J. W. Overturf, special patrolman, bruised and head cut by bricks; treated at sister's home. August Maltrun, conductor, teeth knocked out, cut in hip, Mt. Carmel Hospital.

Four-year-old daughter of Mr. and Mrs. A. W. Debol, 589 Taylor avenue, struck by police auto, badly bruised. John Seeds, conductor, scalp wound, hit on head by brass knuckles; Mt. Carmel Hospital. J. Hookster, motorman, cut on forehead, bruised in shoulder, arms and back by stones, treated at West barns. Charles Baker, conductor, both temples bruised; Mt. Carmel Hospital. Motorman Walker, generally bruised and beaten; West Side barns.

Say Rutledge Bluffing. Employees of the Columbus division of the Ohio Electric declare that they are not organized and are not contemplating striking along with the Western Division employees. Employees here today declared that Organizer Rutledge at Springfield is bluffing when he says he can tie up the Ohio Electric System.

OHIO ELECTRIC STRIKE AFFECTS ONLY WEST END

There will be no strike of the employees of the Ohio Electric line between this city and Columbus, or between Newark and Zanesville. That is the report given out by employees of the line here. The motormen and conductors on this end of the road are unorganized as yet, and are not implicated in the grievances of their brethren on the western division.

All cars between Zanesville and Newark and Columbus are operating as usual and there are no indications of any trouble.

Local employees of the company give little heed to the threat of Organizer Rutledge that he can tie up every division of the road.

Cars from Columbus westward were operated at infrequent intervals during the day, sometimes several hours apart. The men on the western division of the road are organized, and voted to go on strike at 4 o'clock Sunday morning. So far as known there have been no attempts made to organize the men on the eastern division of the road. It is reported that the movement has not gained any considerable force, at least not enough to cause business regarding a possible strike.

One of the shots from Gallagher's revolver struck the Killilea residence, 300 St. Clair avenue, went through the front wall and ruined a portrait. The glass was thrown about the room, in which was the picture, which hung high, was a baby, sleeping. Three members of the family sat on the front porch.

Overturf Hurt. Patrolmen C. H. Davis and J. W. Overturf were badly injured by flying rocks and bricks. Two Mt. Vernon avenue cars were held up and stoned, the crews were chased from them, and one motorman, Jacob Mozier, was knocked insensible by a blow on the head by the members of a furious mob of 500 that congregated at Twentieth street and Mt. Vernon avenue early last evening.

Overturf is a former resident of Newark, Ohio, and is well known there.

Buildings. House of seven rooms, built when lumber was no object, finished in brown wains in the old colonial style. A good horse barn, fitted with six regular horse stalls, besides box stalls, granaries, corn crib, wagon shed, buggy shed and farm tool house. Also a large dairy barn, will accommodate 25 cows, with storage for several tons of mill feed and 60 tons of hay.

Water. Well watered 13 unfailing wells, spring branch, 5 springs, windmill pump with storage tank, hydrants, etc., piped in the house and dairy barn, automatic stock drinking trough for winter use and cooler for the milk.

The place now has 100 a. of pasture, 27 a. meadow, 23 a. wheat stubble that were set to clover and timothy, will be meadow next year, 6 or 7 a. corn, 13 a. virgin timber, and about 7 a. open timber.

Sugar Camp. About 200 best trees, many of which are now ready for use, making the farm self-supporting in post timber of the very best grade for all time.

My reasons for selling—Having moved my family to Oregon, some three years ago, we now wish to transfer our holdings to our present home. Price \$100 per a. Some terms can be arranged for on deferred payments.

The farm is listed with no agents, therefore no commissions to pay. Deal direct with the owner.

A. M. BEAVER,
S. 10-12-15-17 Pataskala, Ohio.

GRANVILLE

Recently the correspondent of the Advocate had considerable to say regarding the establishment of a sewer system in Granville and the abandonment of the death breeding cess pools. At that time he called the attention of the health authorities to the fact that there were a number of old wells in the village that were being used as cess pools, contaminating the living veins of water. Now the stand taken by the correspondent has been justified by the action of the Board of Health of Granville passing a resolution prohibiting the use of wells in the village for cesspools. There are known to be about thirty wells used for this purpose in the village. The thing that Granville needs more than anything else is a good system of sewerage, and the sooner it is provided the better it will be for the community. The action of the Board of Health in prohibiting the further use of wells for cesspool purposes will, however, go a long way towards purifying existing conditions in Granville.

Mr. and Mrs. Harry Ralston of Omaha, Neb., who have been visiting relatives and friends here for the past week, returned home Monday.

Country butter is reported as being so scarce in Granville that country people are coming to town to buy the creamery product. Town people may have to go back to the good old way of keeping a cow and churning.

Miss Hallie Woods of Cleveland, after a pleasant visit with friends in the village, left Monday morning for Columbus, where she will visit her sister for a short time before returning home.

While engaged in doing her work Saturday afternoon Mrs. George Bash was badly burned about the neck and left arm. She was engaged in baking pies, and in opening the oven door the gas, which accumulated in the oven, exploded, throwing Mrs. Bash across the kitchen. Dr. Follett was summoned and quickly responded and attended to her injuries. At this time she is resting easy and is doing as well as could be expected.

A surprise party was tendered Miss Emma Williams at her home north of Granville on Saturday evening by about twenty-five of her little friends to remind her of her 12th anniversary of her birth. Games and music helped to while the hours away, and then the hostess served an elaborate supper on the lawn. Miss Emma received quite a number of presents. The guests returned home at a late hour, wishing her many happy birthdays.

WILL ASK QUEEN TO PLEAD WITH SPANISH KING

Madrid, Aug. 15.—A last attempt to win King Alfonso from his anti-clerical stand through an appeal from the queen mother is to be made by the Vatican. This is the interpretation placed today upon the request by Mgr. Yllo the papal nuncio at Madrid for an interview with the queen mother.

The latter is known to be opposed to the king's attitude in the government-vatican dispute and has urged a different course. What more she can do remains to be seen but the administration professes to see no cause for alarm in the coming interview between her and Yllo.

A man is apt to fail in business more from lack of principle than a lack of principle.

Any skin itching is a temper-tester. The more you scratch the worse it itches. Itch's Ointment cures piles, eczema—any skin itching. At all drug stores.

JOHN THOMPSON DIES FROM HEAT AT FRAZEYSBURG

John Thompson was found in an unconscious condition on the top of a hay stack on this farm near Frazeysburg Saturday. His condition resulted from a sunstroke received while working on top of the stack. Without regaining consciousness he died at 1:30 o'clock.

Mr. Thompson was 64 years of age and had lived on a farm near Frazeysburg for many years.

Besides his wife he is survived by five sons, Albert and Raymond, living in the west, Clyde and Guy of Akron, and Lester of the home.

PRES. TAFT SEES REPUBLICAN MEN AT BEVERLY HOME

Beverly, Mass., Aug. 15.—From all over the country leaders are flocking to Burgess Point, and for the time being Beverly is actually eclipsing Oyster Bay as the mecca for politicians.

Today President Taft is to see Judge W. E. Woodmansee of Cincinnati, an old time friend, and Leonardo Osorion, former governor of one of the islands of the Philippines, whom President Taft was governor general.

Tomorrow Senator Winthrop Murray Crane is coming to report to the President his observations on the state of the party in the west and the results of his conference with Secretary of the Interior Ballinger. Vice President James Sherman and Representative Lodgeslager of New Jersey, secretary of the Republican congressional committee and Representative McKinley of Illinois, chairman of the same committee are also expected this week.

President Taft is golfing today with Congressman Nicholas Longworth at Myopia.

ALL CONSTIPATION SUFFERERS REJOICE

Now we have a gentle, safe and sure vegetable cathartic that will quickly make that rebellious liver do its duty. Ask your druggist for DR. HASKELL'S LIVER PILLS if you want to get rid of constipation, nausea, biliousness, dizziness, bowel derangements or sick headache in a few days. They perfectly regulate the liver and bowels, drive poisonous secretions from the system, put the glow of health on your cheek and a sparkle in your eye in less than a week. They never fail, 10c and 25c.

Sold in Newark by W. A. Erman & Son, Frank D. Hall and T. J. Evans.

PAST MASTER DEGREE

District Deputy Grand Master M. T. Bell held a session of the Grand Committee at the I. O. O. F. hall in this city Friday evening for the purpose of conferring the past master's degree upon several candidates.

Mr. Bell, with the following officers, were present and performed the work: J. L. Scott, grand lodge; J. C. Frampton of Perry, O.; W. M. Larson of Williams, O.; No. 267, of Hebron; H. R. Maxon, of Licking Lodge, No. 854, of Hanover.

ONE KILLED IN FIGHT OVER CROPS

Brandenburg, Ky., Aug. 15.—Clarence Beard, 21, was instantly killed; Pros Beard, his brother, seriously wounded and James Thomas, shot in several places, near Big Springs, in a fight over a crop claim.

Pres. Beard ran into the woods after being shot and searchers failed to find him. A sheriff's posse Monday was scouring the country for James Beard and Ice Ammons, who are charged with shooting. The men are armed with shot guns and declared they would not be taken alive.

RAILWAY AFFAIRS

More Wages.

It is stated that locomotive engineers on 56 railroads running west of Chicago are formulating demands for increased wages. Twenty-five thousand men are involved. No date has been set for a meeting with the general managers. A month or six weeks may be required to draw up a universal schedule of demands that can be presented to the railroads.

The last advance granted to the engineers was in January, 1907, since which time the wages of the switchmen, firemen and mechanical men have been increased. Conductors and trainmen are also expected to present a demand for an advance in wages. A preliminary meeting was held at St. Louis recently to discuss this movement and consider what increase will be demanded of the general manager.

SPECIAL MEETING.

There will be a special meeting of the Newark Trades and Labor Assembly at Labor Hall tomorrow evening, August 16th, at 7:30, to complete all arrangements for Memorial Sunday, Sept. 4. Let all delegates be present. Memorial Committee.

Released On Bond.

George Johnson, indicted for rioting on two charges, was released on Monday on his furnishing bond in the sum of \$500 on each charge. Bob White, charged with assault and battery on John C. Neil on July 8th, was released Monday on his furnishing bond in the sum of \$200.

Grand Jury Resumes Tuesday.

The grand jury, which spent nearly a month investigating the causes leading up to the riot and lynching of Carl Etherington on the night of July 8, and which has been having a recess for a few days, will reconvene Tuesday morning at 9 o'clock to resume its investigation. Assistant Attorney General Miller and Prosecuting Attorney P. B. Smythe have announced their intention of going to the bottom of the matter and will leave no stone unturned until the last man guilty of having had a hand in the lynching of Etherington is apprehended and punished. There are but few witnesses left over from the former examination and the probability is that additional witnesses will be summoned.

An order for 265 new locomotives has been placed tentatively by the New York Central railroad. Of this amount 60 engines have been contracted for. The remaining 205 may not be definitely placed until President Brown's return from his vacation abroad, which will be late in September. These new locomotives which are to be ordered will be mainly for freight service, and will cost about \$4,000,000.

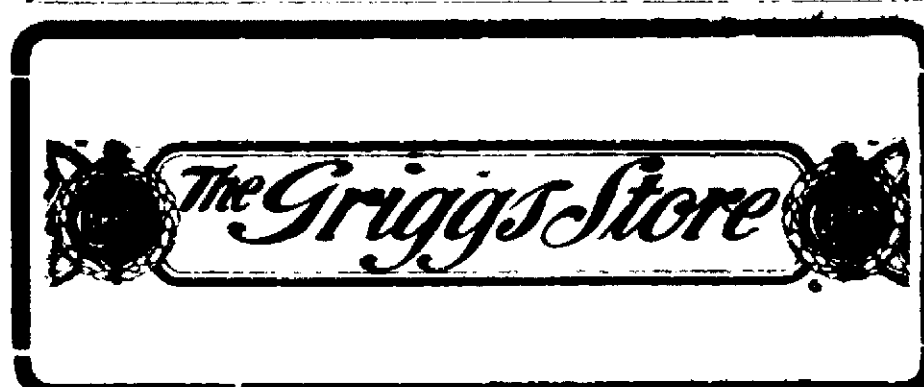

That the Erie road is doing the best business in its history is evidenced by the reports now being sent in. It is shown in the reports that the company has had the best gross earnings for a year in the history of the company and the best net earnings since 1903. The gross earnings for the year ended June 30, were \$51,804,189, an increase of \$4,425,648 over the previous year and the net operating income is \$17,765,587 an increase of \$2,225,781.

THIRTY ILL FROM EATING ICE CREAM

Portsmouth, Aug. 15.—Thirty persons at Fire Brick, Ky., near this place, are seriously ill from ptomaine poisoning, following the eating of ice cream at a church social Saturday night. Six members of the Kinsey family are the most seriously ill of the victims.

TENNIS TOURNEY.

Newport, R. I., Aug. 15.—The annual tournament of the National Lawn Tennis Association opened on the Casino grounds today with a record number of entries, 181.

VALUABLE BOOKLET SENT OUT

State Tax Commission Issues Treatise on Assessment of Real Estate in Ohio.

Columbus, Aug. 15.—Appreciating difficulties that have arisen because the general code of Ohio laws is still in the hands of the printer and only a few original copies are in existence the state tax commission has issued a pamphlet containing all of the laws relating to the assessment of real estate. These pamphlets have been mailed to the auditor of each county for the use of the county board of equalization and to city boards of review for their use.

Many attorneys have written to the commission seeking information. Clients have asked questions concerning the assessment laws and there being no general code available the attorneys have been unable to answer questions. County boards of equalization and city boards of review have also asked many questions of the commission and many of them have sent representatives to Columbus to confer with the commission on questions that have arisen in the various taxing districts.

The quadrennial reappraisal law is new. While it was passed last year its effect is felt for the first time this year. The law under which the tax commission was created is entirely new. Much difficulty in the absence of the general code from the shelves of the attorneys of the state, has been encountered in securing accurate information. The commission is supplying this information to the taxing authorities by means of the pamphlet containing the law relating to the assessment of real estate and is also sending to the county auditors, county boards of equalization and city boards of review, folders containing questions and answers with which the commission has to deal. This folder is really in the form of a catechism on the appraisal question. Each question that was brought before the commission, either through correspondence or by personal visit of a taxing official, is set out and the answer thereto is given. The range of questions and answers takes in the whole taxation subject in all of its ramifications. The commission meets each question squarely and gives its ruling on the same not only to settle the question for this time, but as a guide for the future.

One of the most important subjects the commission has to meet is that raised by F. M. Sayre, auditor of Franklin county, who has petitioned the commission to order a reappraisal of the real property of

that township. Franklin county has petitioned the auditor to have the township reassessed. The tax commission is the only authority with jurisdiction in the matter. No other officials are authorized to order a reappraisal. The commission has set a hearing for Tuesday on the question of whether or not the township shall be ordered to be reassessed.

Paul Farber, a prominent assessor, is charged with the duty to have the township reassessed. He has been charged with the duty to have the township reassessed. He has been charged with the duty to have the township reassessed.

Prosecuting Attorney Weber has said Farber on his bond. All of the data together with a statement of the case was filed with the commission. The auditor's brief on the subject. The commission acting under the authority vested in it, has issued a subpoena for Farber to appear at the meeting Tuesday to state his reasons for making the reappraisals be made and returned. The commission has to power to deal with him if he has been delinquent. That is a matter for the prosecuting attorney and the local tax officials. The only question on the commission is whether or not the property was properly valued in that township and whether it was so valued. It is impossible for the county board of equalization to equalize it without inflating hardships or getting at something near the true value of the property in the aggregate.

The cost of reappraisal, under the law, is borne by the taxing district in which the reappraisal is ordered. If a reappraisal is ordered the persons named by the tax commission and the expense will be paid by the county.

MADE MASONS AT BARGAIN PRICES

Boston, Aug. 15.—Charged with using the mails to defraud aspirants to membership in the Masonic order, Darius Wilson of East Foxboro, Mass., is held in \$1,000 bonds here for trial Aug. 22.

Wilson has before been arrested in St. Louis and in Newark, N. J., on similar charges. It is alleged that Wilson offered to make persons genuine Masons for a small sum, then in reality he made them "Egyptian" Masons, a body of no affiliation with Ancient Free and Accepted Masonry.

NOTICE TO FARMER LINE SUBSCRIBERS OF THE NEWARK TELEPHONE CO.

During the present dry season, all our subscribers on Farmer lines are requested to pour water around the ground rods, sufficient to keep the ground around them moist. 12d3

BELIEVED THAT ALL CASES WILL BE TRIED HERE

The trials of the men indicted by the Licking county grand jury, will not be held in Zanesville or any other outside county, but will take place in Newark, according to Prosecutor Smythe, who says he does not think any of the defendants will try to get a change of venue. The trials will hardly be reached before this trial, as the work of the special grand jury will require at least two weeks longer after it is convened again Tuesday. We will try those indicted as early as possible," said Smythe. "and we are going to get some convictions, too. The names of sixteen of those indicted for first degree murder which were given out do not include all indicted for that crime. Others are withheld because they have not yet been apprehended."

Three Zanesville men were arrested Saturday. Bill Dunn, Elan Tanner and Dan Coffman were arrested and taken to Newark, and all were later released on bail. Dunn is alleged to have some knowledge of the lynching, while Tanner and Coffman are said to be charged with paying in connection with testimony before the grand jury.

It is said that others will be brought in as they are apprehended, and that a number of other arrests are looked for early this week and before the grand jury goes into session again next Tuesday.

TWO OBJECTS

In View—The Buckeye State Building and Loan Company, Rankin Building, 22 West Gay Street, Columbus, Ohio.

1. To establish an absolutely safe place in which people can deposit their money. This is being done by loaning all money deposited with it only on homes—the safest of all mortgage loans.

2. To loan all money so deposited for the building of homes, at the most reasonable rates to borrowers consistent with sound business principles. To these ends we work. Assets over \$4,200,000.

WATER GETTING LOW IN BUCKEYE LAKE

The water at Buckeye Lake is gradually falling. If the present dry spell is not soon broken it will be dangerous for motor boats to run on the lake. The water is at a very low stage now and is rapidly running out. Stumps and rocks are visible just now below the surface in many places, and this makes riding in motor boats very hazardous, especially at night. Several hours of heavy rainfall would be very welcome to the residents of Buckeye Lake just now.

PROBLEM FOR THE EDITOR.

It has been asked whether stepping on a man's corn is sufficient provocation for swearing. The editor advises, keep your toes clear of corns by using Pains Expeller. Corn Extractor, always best, painless and prompt. Sold by druggists, 25c. Manufactured by N. C. Polson Co., Buffalo, N. Y. Sold by Erman & Son.

BERNARD BALZER HAS BEEN REMOVED BY MAYOR ANKELE

Mayor Ankele has directed Health Officer Knapp to remove Sanitary Police Officer Bernard Balzer and has appointed Daniel Hayes to the position.

Mr. Balzer called upon the mayor to ascertain upon what ground he was removed, but he obtained no satisfaction. If Mr. Ankele has a good reason for removing Mr. Balzer he is justified in his action, but at the same time Mr. Balzer and his friends are entitled to know the cause of the action. In over 12 months of service Mr. Balzer has never been reprimanded or criticized by the heads of the department.

If, however, the change has been made for political reasons, Mr. Ankele has made a mistake, as the people at this time are not in a mood to have politics played.

Balzer has made an efficient officer. He is a glassblower, who stands well not only in the community where he is well known, but in the national council of the glassblowers' organization. He is an ex-member of the national executive board and decided a reelection which was tendered him. In his work as a sanitary policeman he has always been attentive to duty and has proved to be an efficient man. If any charges are preferred against him in an official capacity, they should be stated and Mr. Balzer should be given an opportunity to answer.

The Advocate has no criticism to make of Mr. Hayes. That isn't the question. The point is, Mr. Ankele should not remove an officer without cause and without stating his reasons. He has a legal right to act as he has done, but the people are demanding today something more than the game of politics.

There is a rumor current that more Democratic officials are scheduled for removal within a few days but what, if any, foundation there may be to these reports is not known at this time.

B. & O. ROAD WILL STRAIGHTEN BED OF BUTLER CREEK

The Baltimore and Ohio Railroad Company has completed plans for the construction of a new channel for Crooked Creek, near Butler, and the work will probably be begun within a short time. The new channel will be constructed with a view to prevent washouts of the tracks of the company and also prevent the annual flooding of the town in the southern part of the county whenever there is a heavy rain.

The creek's channel at present crosses the railroad tracks several times and there is considerable low land in the immediate vicinity of Butler where the water flows when there is a heavy rain or storm. Not only the railroad tracks but the public road and parts of Butler are flooded by the water and on several occasions during the past year it has caused considerable damage.

There is a high bluff running along the south side of the railroad tracks and it was thought that the expense of diverting the channel of the creek would be too great, but the railroad company's engineers have completed the plans which call for the construction of a new channel, which will be about 2,000 feet long and which will be wide enough to carry off all the water that comes down the creek at flood seasons. It will be an expensive improvement for the Baltimore & Ohio railroad, but it will result in no more washouts along the track and also prevent the town of Butler from being flooded in the future. The work will be done under the direction of Supervisor H. A. Rudolph.

A specialty for pain—Dr. Thomas' Pain-Expeller, strongest, cheapest, most effective remedy devised. A household remedy in America for 25 years.

Uncle Tom's Cabin complete at Grand tonight. 1t

RAIDS IN COSEHOCTON

Cosehocton, O., Aug. 15.—The police here made raids on alleged speakeasies and night and found what was thought to be three places. The places were the Barnes Hotel, Marian Park and restaurant and William's restaurant. Patterson and Patterson were arrested and later Mrs. Patterson was taken to headquarters. All were charged with violations of the prohibition law.

When the places were being raided, a man was passing along and every one in the city was seen as they were passing the city limits.

SPORT WRITER REPORTS SERMON

Recently the baseball editor of a metropolitan paper was sent to report the sermon of a new minister, as a religious editor was ill. This is the copy he turned in: "Quite a bunch was present last Sunday evening at the church owing to the presence of a new star and the box of loaves was anxious for a line on his work. Rev. — is certainly there with the goods and performed to the satisfaction of all present. Owing to the fact that this was his first appearance on the local grounds, he was a little nervous the first inning. Encouraged by the coaches in the front corner, he let himself loose and had the game well in hand from then on. His New Jerusalem slow ball is a peach and when he turned loose on eternal punishment his speed was terrific. As this was his first workout it is too early to try to predict a future for him, but if he can keep up the gait he has started with it's him for the big league next season."

Our Pre-Inventory Sale

Presents Hundreds of Real Bargains

Our Pre-Inventory sale is now at its height and presents hundreds of real bargains. Your highest anticipations will be met in the offerings of this pre-inventory sale. It is a sale with a reason—a price-cutting with a motive—a necessary sacrifice. We must lessen stocks and clean-up all odds and ends to facilitate the work of stock-taking.

This must be done quickly. Severe underpricing is the only medium.

Tomorrow Will be a Genuine Bargain Day

Remnants of all descriptions from every department in the store have been measured up and marked at Regular Remnant Prices, and same will be sold tomorrow at exactly ONE-HALF PRICE.

AGRICULTURAL TRAIN STARTS OUT TOMORROW

Beginning tomorrow and continuing through the remainder of the week on the B. & O. and E. & O. S. W. and for the first three days of the week, following on the Ft. Wayne system, there will be operated an agricultural special train under charge of a detachment of teachers and instructors from O. S. U. and several others from the Wooster experiment station. The itinerary is from Akron to Sandusky, thence to Columbus by way of Newark and from there to Chillicothe via Blanchester. On this tour 35 stops will be made. All the E. & O. S. W. lines within the state will be traversed. The train will cover about 500 miles.

The stops made on the B. & O. S. W. will be about one hour and 30 minutes long. On the Pennsylvania lines the stops will be only one hour. The subjects discussed will be the preparation of the seed bed, varieties of wheat, fertilizers and crop rotation. Each lecture will be illustrated and the train will carry complete material for practical demonstration. The lectures will be confined to essentials. Details will not be discussed.

One of the indirect results expected from this and kindred tours is an increase in the registration of students in the agricultural courses at the O. S. U. and other colleges containing such departments.

Uncle Tom's Cabin complete at Grand tonight. 1t

SWANK'S MENTAL PICTURE WAS TRUE TO LIFE

Captain Charles Swank returned Saturday from Noblesville, Ind., bringing with him James Richardson, colored, who is wanted in connection with the lynching of Carl Etherington. Richardson was wanted by the grand jury and Captain Swank succeeded in locating him in Indiana and a requisition for his return to Ohio was secured.

Richardson was nabbed in a peculiar way. When the marshal of Noblesville was wired to be on the lookout for the negro, a complete description of the man wanted was sent, and message was wound up by the statement that "Richardson looks like a monkey in the face." The marshal received the message while standing on a street in that place. As he finished reading it he looked up and saw a negro that bore a resemblance to the man's alleged early ancestors. He immediately placed him under arrest and notified the local police.

THE VERY TIME

When Powerful Food is Most Needed. The need of delicate yet nutritious food is never felt so keenly as when a convalescent gets a backset on account of weak stomach. Then is when Grape-Nuts shows its power, for it is the most scientific and easily digested food in the world.

"About a year ago," says a Kansas woman, "my little six-year-old niece, Helen, left the invigorating and buoyant air of Kansas, where all her life she had enjoyed fairly good health, to live in the more quiet atmosphere of Ohio. She had a complete change of diet consisting of a variety of food, and of course a change of water, somehow she eventually contracted typhoid fever."

"After a long siege her case seemed hopeless, doctors gave her up, and she was nothing but skin and bones, couldn't eat anything and for weeks did not know even her father or mother. Her parents, wishing to get something delicate and nourishing, finally hit upon Grape-Nuts food for her and it turned out to be just the thing."

"She seemed to relish it, was conscious of her surroundings and began to gain health and strength so rapidly that in a short time she was well, playful and robust as if she had never been ill."

"We all feel that Grape-Nuts was the predominating factor in saving the sweet little girl's life."

Read the little book, "The Road to Wellville," in pkgs. "There's a Reason."

Ever read the above letter? A new one appears from time to time. They are genuine, true, and full of human interest.
